

Privacy Policy

This privacy policy sets out how RunaR uses and protects any information that you give RunaR when you use ISS Detector (the app).

RunaR is committed to ensuring that your privacy is protected. Should we ask you to provide certain information by which you can be identified when using the app, then you can be assured that it will only be used in accordance with this privacy statement.

RunaR may change this policy from time to time by updating this page. You should check this page from time to time to ensure that you are happy with any changes.

What we collect

We may collect the following information:

- your location based on wireless network location services or gps for the purpose of the basic operation of the app.
- If you agree to the questions in the app (EU residents only) your location might be used for advertising purposes. For residents outside the EU, your location might be used for advertising purposes.
- anonymized usage statistics

What we do with the information we gather

We require this information to understand your needs and provide you with a better service, and in particular for the following reasons:

- Location: to provide you with accurate predictions for ISS, satellites and other objects. This information is used to gather information from yr.no (weather), minorplanetcenter.com (comets), Google (location names and maps) and Geonames (location names).
- Statistics: We may use the information to improve our products and services. For this purpose we use Google Analytics and Google Firebase.
- Gathered location information might be used to provide you with advertorials.

Security

We are committed to ensuring that your information is secure. In order to prevent unauthorised access or disclosure, we have put in place suitable physical, electronic and managerial procedures to safeguard and secure the information we collect online.

Third party companies may use their own Privacy Policies, you should note that we do not have any control over these services.

Controlling your personal information

You may choose to restrict the collection or use of your personal information in the following ways:

- In the setting in ISS you can manage your privacy settings

We will not sell, distribute or lease your personal information to third parties unless we have

your permission or are required by law to do so. You may request details of personal information which we hold about you under the General Data Protection Regulation (GDPR). A small fee will be payable. If you would like a copy of the information held on you please write to support@issdetector.com.

If you believe that any information we are holding on you is incorrect or incomplete, please email us as soon as possible, at the above address. We will promptly correct any information found to be incorrect.
